ABSTRACT

This report summarizes the response of the State University of New York (SUNY) constituent institutions to the biannual survey of non-credit instructional activities for the period: July 1, 1994 through December 31, 1994. It provides statistical data and tables that summarize overall registrations and non-credit instructional activities and reports trends in non-credit instructional activities and registrations from 1983 through 1994. The bulk of the report consists of a listing of each non-credit instructional activity by subject area, title, and campus. Each listing includes the course name, campus, number of sections, registrations, clientele, contact hours, activity type, and location. An appendix provides a map of the SUNY system and a chronology of dates of establishment of SUNY institutions. A list of other publications offered by the SUNY Central Staff Office of Institutional Research is attached. (JB)

INTRODUCTION

This report summarizes the responses of the State University of New York constituent institutions to the biannual survey of Non-Credit Instructional Activities for July 1, 1994 through December 31, 1994.

In fall 1991, legislation went into effect that eliminated state aid for non-credit vocational preparation instruction and for community service activities at the community college level. As a result, many SUNY institutions, particularly those with large vocational and community service programs, were forced to reduce their non-credit course offerings. Trend table 94/1621 in Part II of the publication shows the resulting decline in the number of non-credit instructional activities and registrations offered by SUNY institutions, particularly at the community college level.

Nonetheless, non-credit instruction remains important to adults at transition points in their lives. Adults considering a career change or career advancement or those seeking personal growth and development are either turning or returning to higher education. SUNY institutions have responded to the demand for adult education with an incredible array of non-credit instructional activities.

EXAMPLES OF SUNY NON-CREDIT INSTRUCTIONAL ACTIVITIES

Some examples of the non-credit activities offered at SUNY campuses are presented below. This listing is by no means comprehensive considering that there were 12,841 non-credit instructional activities offered in the last six month period which served 442,949 participants. Notwithstanding, the activities listed below indicate the expanding diversity of courses, seminars, conferences that SUNY institutions provide for professional and business groups as well as for the community in general. The examples of non-credit activities titles are organized by some of the major purposes that adults turn and return to higher education i.e., career changes, inservice education, personal growth and leisure and retraining of job skills.

A few examples of non-credit instructional activities for adults considering career changes include: Introduction to Advertising, Careers in Broadcasting, The Changing Work-Force, Careers in Management, Careers in Technology, Choices and Changes for Women, How to Start a Mail-Order Business, Identifying Employers/Job Openings, Plan Your Career, Resume Clinic, Start and Finance a Computer Enterprise, Successful Self-Employment, Today's FBI and You, Vocational Transitioning, etc.

Examples of the variety of non-credit activities offered by SUNY colleges and universities for in-service education include: Economics Education Workshop for Teachers, Forest Resources Systems Institute, Graphic Presentations, Intensive Review for Family Physicians, Modern Radiographic Techniques, Nursing State Board Review, Professional Engineer Refresher, Project Management, Public Speaking, Running an Effective Meeting, Skull Base Surgery Symposium, Telemarketing Techniques, Writing Workshop for Business Professionals, etc.

Demand for instructional activities to enhance personal growth, development and leisure-time has lead to the following variety of non-credit offerings by SUNY institutions: Beginning Sailing, Cabinet Making, Current Issues, Exploration in Classical Music, Folk Dancing, Fitness of Men & Women, Handling Anger & Depression, Irish Language, Microwave Cooking, Home Refrigeration/Air Conditioning Repair, Self-Defense, Self-Help for Smokers, Television Repair, Understanding Opera, Wilderness Camping in Winter, World Religions, etc.

The retraining and upgrading of job skills brought about by recent technological developments in computer hardware and software is another major reason for the increased adult registrations in non-credit instruction. Examples of non-credit computer courses recently offered at SUNY campuses include: Introduction to the Many Uses of the PC, Integrated Software Applications, Beginning, Intermediate & Advanced Lotus 1-2-3, Wordstar, Intro. to 8808 Assembly Language, Hard Disk Management, How to Use Micros, Computer-Assisted Drafting, Computerized School Transportation, Microcomputer Applications, Microcomputer Graphic Arts, etc.

DEFINITION OF NON-CREDIT INSTRUCTIONAL ACTIVITIES

Non-credit instructional activity is not susceptible to sharp delineation, consequently there was a good deal of local judgment regarding the non-credit activities reported on the survey. For the purpose of this survey, the following guidelines were used in determining the activities to be reported:

> All formally organized and scheduled non-credit activities which are instructional in nature and which require registration of the participants, were included. These activities characteristically exhibit a wide range of formats, e.g., courses, workshops, seminars, conferences, institutes, etc. These activities are typically organized and administered by offices of continuing education, community service, adult education, innovative studies and extension services, however, they may be organized and administered by any other division, school, or academic department of the institution. Some campuses want to include basic literary skills centers, tutorials and developmental programs in their non-credit totals. These non-credit basic skills activities can be included if they are part of a prescribed program for a student, require more than a student initiated sign-in registration and have procedures to eliminate duplicated headcount.

Excluded were all activities which can be credited toward a degree or other formal award granted by the institution. In addition, all activities which were primarily non-instructional in nature were excluded, such as great artists series, mass media programs, lecture series, travel groups, etc. Excluded were basic skills centers or labs, tutorials and developmental programs with student initiated participation, student sign-in procedure for registration and that did not have provisions for eliminating duplicated headcount. Auditors of credit courses were also excluded.

NON-CREDIT DATA COLLECTED

For each non-credit instructional activity reported on the survey, the following information was provided by the campuses: contact hours, continuing education value, course location, instruction type, instructor type, number of registrations, organizing unit, revenue source, subject area and target clientele. Definitions of these terms can be found on page xiv.

NON-CREDIT COURSE SYSTEM

Data submitted by the campuses provide a comprehensive source of information about the State University of New York's non-credit instructional activities. Information on these offerings is available to the campuses from the Non-Credit Course System (NCC), which generates a total of twenty-one different reports. The types of reports produced and their corresponding report number are described below. In addition, a summary chart of the available non-credit reports can be found beginning on page xv.

NON-CREDIT COURSE SYSTEM
STATE UNIVERSITY OF NEW YORK

Non-Credit Course (NCC) reports 1 through 6 are summary reports of the number of non-credit activities and registrations by six categories: subject area, target clientele, organizing unit, instructional type, faculty status and funding source. These reports are available university-wide and by individual campus.

3.	Registrations and Activities by Organizing Unit
4.	Registrations and Activities by Type of Activity
5.	Registrations and Activities by Faculty Status
6.	Registrations and Activities by Funding Source

NCC reports 7 through 12 are campus detail reports. Each non-credit activity reported is listed in alphabetical order by campus under the organizing category for that report (i.e. Report 7 - Subject Area, Report 8 - Target Clientele, etc.). Information printed for each activity includes: number of registrations, contact hours, continuing education units (CEU), target clientele, organizing unit, faculty status, funding source and location (on or off campus). These reports are currently available by campus only.

Since NCC reports 14, 15, 16 limit data reporting to only four successive terms, they were replaced by trend tables which allow additional trend reporting. The OIR trend tables summarize the number of non-credit activities and registrations for the State University of New York from 1983 through 1994.

NCC reports 17 through 20 are system detail reports. Each non-credit instructional activity is listed in alphabetical order under the organizing category for that report, (i.e. Report 17 - Subject Area, Report 18 - Target Clientele, etc.) information printed for each activity includes: campus, number of registrations, target

NON-CREDIT PUBLICATION FORMAT

This publication is organized in three parts:

PART I includes information on non-credit activities and registrations from a SUNY-systemwide perspective;

PART II provides non-credit trend data from 1983 through 1994;

PART III includes a listing of all non-credit activities reported by SUNY colleges and universities from July 1, 1994 through December 31, 1994 by subject areas.

The non-credit course system has the capacity for subcampus reporting. If you would like to report your institution's non-credit data by subcampus or if you would like to transmit your data on tape or diskette, please contact Dr. Catherine Regan of the Office of Institutional Research at (518) 443-5639 to make arrangements.

Data coding has been used ***in Part III*** of this publication to report some of the information for each non-credit activity. See page xix for a listing and explanation of the codes.

NON-CREDIT REPORTS AVAILABLE FROM INSTITUTIONAL RESEARCH

In addition to the university-wide non-credit course information contained in this report, each constituent campus was provided its respective campus summary reports: NCC 1 through 6 and campus detail reports NCC 7 through 13. Additional NCC reports are available to campuses upon request from the Office of Institutional Research. For convenience, a summary chart of the available non-credit reports and the detail provided in each report can be found beginning on page xv.

ACKNOWLEDGMENTS

We would like to thank those individuals on the campuses who provided this office with non-credit instructional activities data. The collection of these data required their extensive cooperation and continued efforts. Also, we thank Andrea Gahr of the Computer Center Staff who contributed her efforts to this report and to Frances Puckett and Barbara Wrobel for entering the non-credit data into the computer system. We thank Kathy Bartoszewicz of the Office of Institutional Research for preparing the manuscript for publication.

NON-CREDIT COURSE SYSTEM DATA DEFINITIONS

Average Contact Hour - (AVG.C.HR.) is the total contact hours divided by the number of sections for activities with the same detail.

Contact Hours - total number of hours that the course meets.

Continuing Education Units - value assigned to the course to indicate units of non-credit academic work.

Course Location - indicates whether the course is held on or off campus.

Instruction Type - indicates the course presentation method, includes: Course; Workshop; Seminar; or Conference/Institute.

Instructor Type - indicates the teacher's employment status, for examples: Full-Time Faculty at College; Full-Time Non-Faculty at College; Part-Time Employee at College; Employed by Another College; From Community; No Single Teacher.

Number of Registrations - number of students registered to attend course.

Number of Sections - number of activities with the same detail.

Organizing Unit - office, department or school on campus offering a course,
such as: Office of Continuing Education/Community Service; Academic Department; Graduate School; Other School or College; Office of Innovative Studies; Office of Student Affairs or Other.

Revenue Source - source of course funding, for examples: Regularly Budgeted State Funds or State Aided; Income Fund Reimbursable (State Operated); Participant Fee; Sponsored by Grants and Contracts; Contributed Services; Other; No Direct Instructional Costs; Cooperative Extension/Federal Government Support.

Subject Area - classification of course content, includes: Agriculture and Forestry; Applied Arts; Architecture & Related Professions; Arts; Biological Sciences; Business & Management; Education; Engineering, Applied Sciences & Technologies; Health Sciences, Professions & Technologies; Home Economics, Food Sciences, Arts & Technologies; Humanities; Law; Liberal Arts & General Studies; Library Services and Professions; Mathematics; Physical Education; Physical Sciences; Public Services and Professions; Social and Behavioral Sciences; Veterinary and Animal Sciences; and Avocational Instruction.

Target Clientele - group for which the non-credit course is designed, such as: General Community; Industry and Business; Government/Public Service Employees; Educators;

FOOTNOTES

[a] Original constituent institutions of the State University of New York at its establishment in 1948.

[b] Date of establishment as a state college or institution.

[c] Date of incorporation into State University of New York.

[d] As of July 1, 1975, New York City Community College and the other community colleges (not shown here) sponsored by the New York City Board of Higher Education were no longer a part of the State University of New York.

NOTE: Dates preceding date indicated for establishment as a state college or institution refer to institutional antecedents of the present college or university. These my have been private institutions or controlled by a governmental entity other than the state. Intermediate institutional developments such as other college affiliation or date of first baccalaureate program offering have been omitted for the sake of brevity.

*The Health Sciences Centers at Buffalo and Stony Brook are shown separately here from their respective core campuses.
